the first text

17:34

are you afraid to fall in love?

i'm afraid of being the only one who
falls

Seen just now

i wish you could see the stupid smiles
i get when we're texting

18:26

Wanna know something?

What?

Loving you is the second best thing
I ever did.

Second? okay :(

And finding you is the first

Seen just now

have you ever looked at someone and thought,
"*damn, could you just love me back already?*"

00:11

i'm sorry for being crazy and
overthinking nonstop

it's okay you're just a girl

i
sorta,
kinda,
maybe,
might,
slightly,
possibly,
like you

18:41

Wait did you just flirt with me?

Have been for the past year but
thanks for noticing

she likes him
he likes her
it's obvious to everyone
except them

18:56

I really miss you. Are you busy tonight?

Just have to do something. But it's ok. I cancelled my plans. I'm on my way there. Miss you too.

Why did you cancel your plans??

Priorities :)

truth is, i didn't expect to get
this attached to you

04:24

a list of reasons why i love you:

1. you are you.

Seen just now

my love language is when people's
words align with their actions

19:04

Heyyyyyyyyyy

Hey

You still up?

I've been waiting

I do every night

Huh?

Because you usually can't sleep so I stay up in case you need help falling asleep

i wanna spend the rest of my sunsets with you

04:00

"you" will always be the answer,
when somebody asks me what i'm
thinking about.

Seen just now

have you ever looked at someone
and hope they stay in your life forever?

19:26

2023 sucked

no, not at all. best year so far

WHAT THE HECK HOW??

2023 was the year I met the most amazing girl ever

2023 was the year I met you

it is actually really sweet when
someone stays up late to talk to you

21:55

You're always gonna be my priority

After

Your family

Then school

And your future

Jokes on you

You're #1 and #3 already

i'm bad with words, i hope
you're good in reading eyes

22:13

Can I ask you something?

Yeah?

And be completely honest

Okay!

What's up?

Why are you the cutest person
I've laid eyes on?

meeting you was the best part my 2023

22:57

How do you know when you love someone?

When you wake up, and they're your first thought and you're looking at your phone to see if they've texted or called you while you were asleep. And when you go to bed, you fall asleep thinking about them.

When you miss them, even though it hasn't been more than a day or so since you've last seen them. But mostly when you put their needs before your own. When their happiness is more important than your pain. When you really love someone you're willing to give it your all, and you'll know when you are.

to be honest, you're the only one i've
ever spent this much time and effort on

19:32

Are you done being sarcastic?

Yes.

Wait, really?

Yeah.

Totally.

Completely.

Done for good

Quit cold turkey.

..... fuck you

it was you from the moment we met

22:44

I can't wait to hear your voice

You obviously forgot how annoying
and high pitched my voice is.

You obviously forgot how much I love
everything about you.

Seen just now

i always see stuff and think
"oh you'd like this"
i hope that you see stuff and
think that i would like them too

23:09

Can I confess something?

Sure

Your smile is the prettiest smile,
I have ever seen

Can I confess as well?

oh sure

This smile only exists when I'm with
you.

one of the most bittersweet feelings has to
be when you realize how much you're going
to miss a moment while you're still living it

17:55

Damn you reply quick you bored?

First of all I am in love with you..

Seen just now

you might not know this
but i'd go out of my way
just to make sure
you are okay

17:41

i could never pretend that i don't love
you because my heart is all yours

Seen just now

the first time
i met you
it wasn't love
at first sight
my love for you
formed gradually.
your personality,
your voice, your hair,
your eyes, your humor,
the way you looked away
and smiled, gradually
it all came clear to me
you were exactly
what i was looking for

00:13

You're incredibly difficult

Thank you

Yet you're the only person I want

but there's just something
about you that
made me like you
ever since the day
i met you.
there was something
about you
that made me
go absolutely crazy

03:45

i have to be honest with you
i think about you a lot
all the time, actually
in the morning, at night,
in the middle of my day
it's you, it's just always you

Seen just now

plot twist:
he likes you back

03:52

you will always be my favorite reason
to lose sleep

Seen just now

i've waited all my life to find someone
like you

04:47

the first time i saw you, my heart
whispered, "that's the one"

Seen just now

i didn't choose you, my heart did

04:27

i could talk to you
for hours and
not get tired
of your voice
or your laugh.
i could never get
tired of seeing you smile
i really could never get
tired of you at all

Seen just now

no matter how much i say i love you,
i always love you more than that

04:48

i've liked you since i met you

Seen just now

my heart breaks a little every time
when i hear your name

04:49

i remember the first day i ever looked
into your eyes and felt my entire
world flip

Seen just now

we will beat this distance, i promise

19:09

Are you okay?

I'm just tired.

You don't have to use that excuse,
I know you have been through hell.
I am here for you forever and always.
Goodnight beautiful.

i don't remember how
but between texting,
calling and facetimes
i fell in love
with you

18:48

Hi..

let's not do this anymore pretending like we don't miss each other like crazy and acting like we don't love each other, this past month has been the worst without you and i can't explain how much i miss you :(

I love you.

you're my world and you don't even know it

04:25

your eyes and the way you smile...

Seen just now

moments with you, that's when i wish
i could stop time

04:03

iloveyou; i wrote it with no spaces
so there's no room for anyone else

Seen just now

yes, you aren't here right now,
but you are never off of my mind

04:47

you are in my 4am thoughts

Seen just now

i fell in love with your soul before
i could even touch your skin

04:38

i only want your attention tbh

Seen just now

2023 was a hard year but
it was easier with you by my side

04:24

i'd be lying if i said i didn't think
about you practically all day

Seen just now

i still remember how we started talking

03:23

i'll stay

even at my worst?

especially at your worst

Seen just now

do you ever look at someone and
just pray you never lose them?

03:26

I will wait for you

why?

Because that's what people do when
they are in love

They wait.

Seen just now

maybe one day we will meet again
and start over

04:34

you are the only person who listens
to all my stupid problems, i know it
be annoying but i'm so thankful fr

Seen just now

i have a feeling that i'm going to love
you forever

19:00

If you plan on breaking up with me or leaving me soon, can you do it already? Because I'm sick of feeling like you don't want me anymore. It hurts.

The only time I will leave you is when I die

the unsent texts

18:01

What's wrong?

ummm nothing

Well why are you being so distant, we don't talk anymore?

I decided to put as much effort into contacting you as you do with me, that's why we don't talk anymore.

Seen just now

i felt special, until i realized
you talk to everybody like that

17:53

i love you

Don't say that. Just don't.
Because I'll believe it. We'll say all
these cute things to each other.
And I'll go to bed smiling every
night. And we'll have those "I love
you more fights". And then one day
you'll wake up and decide that you
don't love me anymore, just like that,
and take it all back. And don't tell me
you won't because you will, just like
the rest.

Seen just now

you only realize how much you
love somebody when one day
they don't text you back anymore

18:45

Why do you always do this to me?

Do what?

We stop talking for a week. Then you randomly text me like nothing ever happened. You get my hopes up and lead me on. Because you know that no matter how long you ignore me, I will always be here waiting for you.

Seen just now

as soon as
i wake up
i check up
phone,
hoping there's
a message
from you
but there
never is

18:23

I hate this

Hate what?

How I used to talk to you everyday and now I'm lucky if I get a text once a week. I no longer mean shit to you, when one day we were each other's world. That's what I hate.

Seen just now

i feel so stupid when i text you
and you never reply back

06:09

i will not fight for your attention
anymore, i will not chase you
because you do not deserve me

Seen just now

most painful thing ever is having
feelings for someone you can't be with

22:01

i'm sorry

for...?

for taking so long to realize it's you

it's always been you

it will always be you

it's never not been you. it's never
been anyone but you

Tap and hold to react

you don't deserve someone
who comes back, you deserve
someone who never leaves

22:39

Do you still care about me?

Just because we don't talk anymore,
doesn't mean that I care less about
you than I did before.

Seen just now

the dumbest thing ever is when you both
love each other but aren't together

18:06

hey..

how are you?

i have to admit im doing fine

oh happy to hear that

but i have nights when i miss you so much i can barely breathe. tonight is one of those nights..

Seen just now

i have been staying awake at nights,
wondering if i should text you

18:11

Can we talk?

about what?

You have changed... what happened?

I had to sit back and watch you
fall in love with somebody else.
You tell me you'd be the same
after that..

Seen just now

my heart broke the day i saw you
looked at her the way i look at you

18:31

I feel like I'm losing him and it hurts
so much

let me ask you something

yeah?

if he's not doing anything to keep
you, then why are you fighting to
stay?

Seen just now

how do you look at someone you
love more than life itself and know
it's time to say goodbye and let them go?

18:34

What's the saddest word in English?

Almost

Why?

I was almost enough. He was almost in love with me. I almost survived. We almost made it.

Seen just now

if you break someone and they
still wish you the best, you've lost
the greatest thing for you

18:37

I miss you..

Can we talk?

I really want to see you... :(

What are we? I don't understand our relationship. Sometimes we're friends, sometimes we're more than friends and sometimes I'm just a stranger to you. One minute you're talking to me as if I'm something special and the next minute you're talking to me as if I mean nothing to you. One day you pay so much attention to me and then the next you completely ignore me. Don't mess with my feelings because you're unsure about yours.

Seen just now

just remember that some people
will be worth a second chance

19:14

Omg text me back

Why?

Because I want to talk to you.
I am bored af when you don't text me back. You're the only person I want to talk too and I have to sit here and wait hours. I know you're mad at me but damn this is punishment enough. I miss you.

Seen just now

i wonder how biology
can explain the physical
pain you feel in your chest
when all you want to do is
be with someone

18:53

Can I ask you something?

Sure

Do you like even wanna talk to me?
You send the shortest replies to me
now, and you don't even bother to
talk. Do I annoy you or something?
Because if I am, please tell me so I
stop wasting my time trying to get
you to talk to me.

Seen just now

a break from someone
will either make you
realize how much
you truly miss them
or how much peace
you have
without them

19:20

what if we hadn't met?

do you think we would've been better off?

I'd probably be peacefully sleeping instead of constantly thinking about you. I wouldn't be thinking about your smile and how I desperately wished I could see it one last time. I wouldn't be reminiscing how good we were once upon a time. And I certainly wouldn't be missing you. I wouldn't be burdened with the thoughts of you holding someone else in your arms, someone who isn't me. If I hadn't met you, I would possibly still have had thought I was good enough, that I deserve happiness and would find someone who'd give it to me.

Seen just now

i wake up
i think about you
i'm out with friends
i think about you
i listen to music
i think about you
i'm with family
i think about you
anything i do
i think about you

21:48

Do you still love me?

Do I still love you.....

Yes I do. & I feel like I always will.

You were a big part of me, but keeping our connection going & continuing to talk to you everyday is hurting the both of us no matter how much we don't want to let go.

Seen just now

i wanna go back to the time
when you still cared about me

23:01

What should I do?

Don't let her go. I promise you will regret losing someone like her. She might not be perfect but she loves you. That's all you need, you shouldn't ask for more. Don't neglect her because once she's gone, you will miss her. It's hard to find someone like her so hold onto her, it will be worth it.

i'm reading old messages and wondering
when you stopped loving me

22:08

It never stops hurting, does it?

What?

Giving someone the best of you and watching them choose someone else.

Seen just now

can't you tell i haven't slept very well
since the last time that we spoke?

22:25

Do you miss him?

I miss him a lot. And you can't even imagine how pathetic it makes me feel because I don't even know if he misses me back. How pathetic I can be to think that he is thinking of me too.

Seen just now

losing you isn't what hurt, it was knowing
that losing me didn't hurt you

22:32

It was sad

What?

To watch her love people so much

Why?

Because no one loved her the same way.

Seen just now

the hardest person to get over
is the one you never had

03:30

can we start over? i miss what we used to have, we had something good going and i don't want to lose that. i don't want to lose you. i'm sorry for the way i treated you before.

Tap and hold to react

if hurting me doesn't hurt you,
don't ever tell me you love me

04:30

i love you

my favorite lie

Seen just now

you had me with your words,
you lost me with your actions

23:25

I'm sorry.

You know what sucks? When we first met, you fought all you could to win my love. But you never fought the same to keep me, and my love.

Seen just now

being loved is the minimum
make sure you are also
being respected,
prioritized,
supported,
understood

22:18

You changed

I didn't change. I'm still the girl who sits around and laughs at dumb things, and walks with the biggest smile on her face. You're just mad because frankly I got tired of the bullshit and don't give a damn anymore. You're just mad because I'm not sitting home on a friday night anymore wondering where you are or who you are with. You are just mad that I finally moved on.

Seen just now

the best thing i did was learn
to stop fighting for someone
who was okay with losing me

22:22

I'm really sorry and I still love you

You can say sorry a million times, say "I love you" as much as you want, say whatever or however you want. But if you're not going to prove that the things you say are true, then don't say anything at all. If you can't show it, your words don't mean a thing.

Seen just now

sorry you weren't giving me enough
attention to fuel my obsession with
you, now you're just normal

23:31

What if I never love anyone again the way I loved you?

You won't

You never love the same way twice

my toxic trait is; i know how to love but
i don't know how to believe i'm loved

22:48

can i ask you something?

sure

was it easy?

was what easy?

leaving me. saying all that cute stuff
then just walking away like it was
nothing. like we were nothing. like i
was nothing.

Seen just now

you walked away
and all i did was
watch you, because
no matter how hard
i tried to make you stay,
you still left

22:51

why didn't you hug me goodbye?

because i knew if i did, i wouldn't let
you go.

Seen just now

the last text

18:18

Sorry didn't mean to call

it's okay

Fuck it

Yes I did

I wanted to talk to you

To hear your voice and your laugh

I know we aren't on the best of terms

I miss you... so much

Tap and hold to react

sometimes i feel this urge
to pick up my phone
to text you
even though
the last time
we spoke
you made it clear
you no longer
want me in your life
why does it still hurt?
why does you no longer
wanting me hurt so much?

06:00

why did you stay up all those nights
with me, if in the end you were gonna
leave?

Seen just now

the worst feeling is
when you find out
you didn't mean
as much to someone
as you thought
you did and you
look so stupid
for caring too much

06:07

i'll be fine as long as you stay single

Seen just now

i still remember the first time
i told my friends about you

06:03

we are not close anymore but
i'll always be here if you need me

Seen just now

sometimes
i just wish
you were here
so i could tell you
how much
i need you
and how hard
everyday has been
without you

03:43

and still after all this time, it's still you

Seen just now

i miss the fun we used
to have together

04:01

i miss you.
a little too much,
and a litte too often,
and a little more
every day

Seen just now

if you break someone's heart and they still
still talk to you with the same excitement
and respect. believe me, they really love you

04:07

you told me that
i'm important to you
you told me that
you don't wanna lose me
you told me that
you love me
you lied

Seen just now

do you ever
miss someone
but never let
them know
because you
have this feeling
that they are
doing just fine
without you anyways?

22:05

do you still think of her?

everyday

Seen just now

psychological fact; being unable to get
someone off your mind indicates that
you are also on that person's mind as well

04:19

i don't care anymore. but i still
think about texting you everyday
i don't care anymore but
i still check on your account.
i don't care anymore but i still
wonder what you're doing
i don't care anymore but i still
wait and hope for that notification
to pop up from you.
"i don't care anymore."
the biggest lie i ever tell myself

Seen just now

the worst feeling isn't being lonely,
it's being forgotten by someone
you'd never forget

04:14

you said you love me

but you ignore me

you dry text me and escape me

you leave me alone

you make me feel like you don't
want to talk to me anymore

you make me feel like
i'm annoying

you make me feel like
i'm not important to you

you make me feel so confused
and overthink about our relationship

you asked me to stop overthinking
but you are the one who made me
overthink

Seen just now

just so you know,
i still care
we may not
have spoken
to each other
in a while, but
that doesn't mean
if my phone lit up
with your name tonight,
my heart wouldn't skip
a beat like it used to
it would

06:07

i might have
deleted your texts
but i will never forget
what you wrote
we might have
stopped talking,
but i will never
forget your voice
i will never forget you

Seen just now

do you ever lay in bed and realize
how not okay you are without them?

i once begged someone to love me
the way i loved them and that's
the saddest thing i've ever done

you keep hurting me, but i keep on loving you

people don't abandon people they love
people abandon people they were using..

always remember, someone's effort
is a reflection of their interest in you

i don't hate you, i'm just disappointed
you turned into everything you said
you'd never be

if they miss you,
they'll call
if they want you,
they'll say it
if they care,
they'll show it.
and if not,
they aren't
worth your time

i know my worth, losing me
will never sit right with you

i can't force you to appreciate me
but you gonna feel it when i'm gone

you're gonna miss that person that didn't
want anything from you but time and affection

i don't hate you, i've just lost all respect
for you and have nothing to say to you anymore

07:14

This sucks

What sucks?

Being someone's 2nd choice

you know what sucks even more?

What?

not even being someones choice.

Seen just now

how did i get played by someone
who wanted me first?

let go of the illusion that
it could have been any different

thank you for all the days that you
made me feel loved and appreciated

someone who overtexts is also
someone who overloves

no response is a response and
it's a powerful one, remember that

why are you crying over someone
who won't even text you back fast?

you didn't reply but i got your message

i want that "*have you seen
the way he looks at her*" kind of love

i loved you even when i was losing you

23:04

How are you?

How am I? How am I?? it's been a year. A year. I spent 12 months trying to figure out what I did wrong. I spent 12 months trying to understand how you could love me one day, and say you had absolutely no feelings for me the next. I spent my entire summer trying to get over you, thinking this school year I would be okay, and if I saw you occasionally I wouldn't care. But I'm still not over you. And I don't think I ever will be. Because as much as I try to deny it, you were and always will be my first love.

Seen just now

imagine someone saying "*can we fix this,*
i can't lose you".

it hurts losing a bond with someone
you thought you'd have it with forever

i miss how it used to be between us

it hurts
to walk away
from someone
you care about,
but if they aren't
treating you right,
i can assure you
it hurts more
to stay

it sucks when the only person who
can make you feel better is also
the reason why you always cry

21:52

You gave up on me.

I gave up on YOU? You left.
Multiple times. But I stayed - I always stayed. But you cannot expect me to stay, when all you do is push me away. You cannot expect me to stay, not when you wouldn't even do the same. I haven't done anything but love you with all my heart, but YOU were the one who left ME and not the other way around. Don't come back and blame this on me, because I was the only thing holding us together

Seen just now

i wonder if you even realize
how confused you make me feel?

after you, falling in love and falling
asleep are both so hard to do

after all this time,
after all this heartbreak,
after all these tears
after everything
we have been through.

i'm still hoping it's you.

and even "*after all this time*",
you will always be my "*always*"

sadly, the only way some people will learn
to appreciate you is by losing you

some people just want the attention of
having you without the responsibility of
being committed to you. read that twice.

some people are great at giving you
just enough hope to keep you holding
on to nothing

07:13

Who hurt you?

My own expectations.

Seen just now

i'm not going to
complain about you
not texting me back,
if i'm not worth
your attention
then ok
that's when
i start to lose interest

my last relationship taught me one thing,
that i never want to feel like i'm begging
for someone's love, ever.

toxic is when they can't let you go,
but can't treat you right either

i keep myself busy with the things
that i do, but everytime i pause,
i still think of you...

i just miss you in a quite
desperate way

07:16

i miss you

why?

you didn't miss me when you ignored
me for 2 months when you found her.

you don't miss me.

don't text me anymore, i've finally
found the courage to let you go and
you are not about to pull me back in.

Seen just now

call me in the middle of the night
and tell me you can't sleep without me

eye contact is way more intimate
than words will ever be

you have no idea how badly i want
your name to light up on my phone

why does my happiness depend
on your attention?

one of the best feelings is finally
losing feelings and your attachment
to someone that isn't good for you

why hurt someone whose only
intention was to love you?

stop holding onto people just because
you have history together

17:58

hey I miss you..

oh you do? that's crazy because for once in my life i don't. i don't miss our 3 am phone calls. i don't miss you telling me where i can and can't go. i don't miss you criticizing every little thing i do. i don't miss trying to be perfect for you. i don't miss you at all. i'm sick and tired of you thinking you can walk in and be back in my life. i'm not yours anymore. leave me alone. every time you try and come back i get hurt again because i trust. you take something from me every time you come back. i want to ask what the hell is wrong with you but at the same time i wonder what the hell is wrong with me for not being enough for you. just leave me alone. you don't need me. you ruined me.

Seen just now

biggest lesson learnt this year
is probably to not give so much
of myself to people who will
not do the same for me

03:21

I miss you

I want you back in my life

Honestly I've been waiting to hear those words for like forever, but you're too late. Where were you when I was crying myself to sleep? Where were you when you left me on read? Oh that's right you were with her.. I gave you chance after chance and you broke it, I'm sorry but I can't do this again. Goodbye.

Seen just now

don't text me back in the afterlife
